5 The questions for consideration are

(i) The adoption of a rule on the Mysore Service Regulations similar to rule 802 of the Civil Service Regns

and (ii) The substitution of the rules proposed by the Assistant comptroller for those contained in G.O. no S959-69/Ex105-95 dated 31-1-99 printed as appendix B of the Mysore Service Regns,

6 With regard to (i) The President of the Kolar Gold Fields Sanitary Board is not agreeable to the proposal of the comptroller, while the Presidents of the Mysore city Municipal Council is silent on the point the Deputy comrs of Mysore, Kadur, Hassan and Chitaldrug Dts and the Presdt of the Bangalore city Municipal Council are in favor of the proposal. The Deputy comr of the Kadur Dt, however, proposes that contribution for pension may be recovered once a year instead of monthly.

7. The Deputy comrs of the Bangalore and Kadur Dts are agreeable to both the proposals (i) and (ii) While the Presdt of the Mysore city Mun Council is agreeable to proposal (ii).

	8 The Deputy comr of the Hassan Dt prefers to adopt a rule similar to Rule 802 of the Civil Service Regns provided that the Local Fund Officials can be transferred to and from Service paid from Genl Revenues without reference to Govt. Otherwise, he prefers to adopt the rules proposed by the Accountant General
	9 The Deputy comr of Kolar is agreeable to the adoption of Rule 802 of the C.S.R with the restriction that its benefit should be given only to the employees on the Regn Munsifs and to such class of Servants as may be decided by Govt. He adds that article II of appendix B of the Mysore Service Regns should also be retained
	10 The Deputy comr of the Shimoga District makes certain remarks on the two alternatives probably but does not definitely state what he would prefer to adopt. He, however, adds that any scheme that leads to the avoidance of obtaining sanction of Govt for transfer of officials from and to Service paid from General Revenues would be highly appreciated
	11. Under para 2 of Govt order No 6275-315 L B 47-11-5 dated 7th March 1912, sanction of Government is necessary

The last sentence of rule (2) proposed by the Assistant comptroller appears to be ambiguous and may be made clearer in so far as transfers of officials from service paid from Municipal or District Funds to service paid from other Municipal or District Funds
12.	Whether by the adoption of a rule similar to rule 802 of the Civil Service Regulations, the restriction imposed on transfers of officials by the Government order of the 7th March 1912 can be removed is a point for consideration. The Comptroller, may perhaps be consulted unofficially in the matter
13.	It is suggested that the substitution of the proposed rules in lieu of those in appendix B of the Mysore Service Regulations as also the adoption of a rule similar to rule 802 of the

Civil Service Regulations may be launched simultaneously with the modification that contribution for pension be recovered once a year as proposed by the Deputy commissioner of the Kadur District. This procedure will, it is submitted, obviate all the difficulties and each District or Municipal Board will be at liberty to adopt, if it thinks suitable, the new rule based on Rule 802 of the Civil Service Regns.

14. Incidentally, one point is raised in the Assistant comptroller's memo. (Please see concluding sentences of para 7 and 8 thereof). It relates to the payment of all charges on account of Local Fund and Dispensaries and midwives which are now borne entirely from the Municipal Funds. The Asst Comptroller suggests that such charges may, in the first instance, be debited to the General Revenues as is being done in the case of other Local Fund Dispensaries and midwives and that necessary contributions may be

Mun[l] Council and, perhaps, the Bangalore City Mun[l] Council. The last mentioned Council has passed a laconic resolution which may mean either that they approve of the provisions of Art. 802 C.S.R, or only of Mr. B. Srinivasa Aiyangar's new rules.

22 It appears to me that Art. 802 C.S.R is an alternative provision which may be accepted by the Local Fund Authorities at their option, and does not exclude the existing practice of the method of computation by the rule of proportion from a place given in the C.S.R. (vide Arts. 798 & 801 C.S.R).

There does not therefore appear to be any difficulty in substituting the new rules of Mr. B. Srinivasa Iyengar in the place of those now in Appendix B to the C.S.R and in adopting a fresh article similar to Art. 802 C.S.R, leaving it to the option of Local Boards & Municipalities to adopt either Course.

23 It may be observed that in the case of transfers of Officials from and to the Service of such Boards as adopt the new Articles when introduced, previous sanction may be dispensed with, agreeably with the principle enunciated in Art. 805 C.S.R

25 It is doubtful whether Govt have got the power, and if they have got the power whether they would be willing to, force all local bodies to accept the rule referred to in para 3 of the Comptroller's letter as the simplest alternative. If this can be done it would no doubt be a very convenient thing from the accounts as well as from the Administrative point of view. But apparently it cannot be done. For example, the Kolar Sanitary Board are not willing. Under the circumstances orders may be passed on the lines indicated at A in the Branch Asst Secy's note.

Subject —

Revision of rules regulating the grant of Pensions and Gratuities of Municipal and District Fund Establishments.——

Z

In Government Order No.8514-22/M1.271-11-3, dated the 13th May 1912 the Comptroller was requested to submit a definite system of procedure for adoption in regard to the adjustment of the pensionary charges in cases of transfer of officials from Government service to service under one or more local bodies and vice versa

2. While submitting certain rules in amendment of those in Appendix B of the Mysore Service Regulations, for regulating the adjustment of such charges by the rule of proportions, the Comptroller has also suggested an alternative simple arrangement, i.e., the adoption of a rule similar to Article 802 of the Civil Service Regulations, providing for the payment of contributions by the Local Bodies to the State, so that the pension of their officials may be paid from the General Revenues

papers under disposal.

3. The Deputy Commissioners of Districts and the Presidents of Municipal Councils and District Boards who were consulted in regard to these proposals, are generally in favour of sanctioning the revised rules, and of adopting a rule similar to Article 802 Civil Service Regulations, leaving it to the option of the local bodies to choose either course

4. The question has been considered by the Council, and the draft order and rules as revised by the Comptroller, have been approved at the meeting

Sir,

Adverting to Government Order No. 8514-22/Md.271-11-3 dated the 13th May 1912, asking me to submit a definite system of procedure for adoption in regard to the adjustment of the pensionary charges of local fund employees, I have the honor to forward for the consideration of Government a note prepared by Assistant Comptroller Mr. B. Srinivasa Iyengar on the subject, and to state that I agree with the suggestions contained in it.

2. The draft rules embodied in para 9 of the note above referred to appear to cover all the cases adverted to in the Government Order and may, if approved by Government, be substituted in the Mysore Service Regulations for the present Appendix B.

3. In this connection I beg also to suggest for the consideration of Government as an alternative and simpler arrangement, the introduction into the Mysore Service Regulation of a rule similar to Article 702 of the Civil Service Regulations IV Edition, according to which Municipalities and District Boards may, instead of meeting the pensionary charges of their employees directly from their funds, contribute for pensions of such officials from the General Revenues by paying to Government a contribution of 1/9th of the sanctioned salaries

REFERENCE --

Government Order No.8514-22/Fl.271-11-3 dated 13th May 1912 calling for proposals to secure a definite system of procedure in regard to the adjustment of the pensionary charges of Local Fund Employees whose pay is met from more than one source.

2. The Local Fund Establishments may be classified as follows --

(1) Employees whose pay is met from only one source viz Local Funds General, District Funds or Municipal Funds of one Municipality, e.g.,

Establishment of the Industrial Schools

of the Engineering School, Mysore.

Travellers' Bungalows Servants &c.

Establishment paid from the Sanitary Board Funds

Municipal Mutsaddies and other establishment as in Bangalore and Mysore City Municipalities

In these cases the pensions should be charged to the particular fund concerned, rule of proportions being also applied wherever necessary--vide article 263 Mysore Service Regulations No question of payment of contribution on account of pensionary charge will therefore arise.

In the Budget of the Sanitary Board provision on account of pensionary charges of its employees in the Presddent's Office-Rs 140/- is being made year after year. But no adjustment is, however, made either by the President or this Office, and the amount is allowed to lapse. No provision need be made in future, for the establishment employed in the President's Office as well as all other establishments employed by the Sanitary Board are paid for only by the Sanitary Board, and no question of adjustment of pensionary charges should arise except according to the rule of proportion

(2) The

(2) The second class of cases is that of employees whose pay is not from more than one Local Fund, or partly from Local Fund and partly from general revenues Under this head fall

(a) Employees of the Local Fund Branch of the Deputy Commissioner's Office.

(b) Work Inspectors, Sanitary Inspectors and Local Fund Clerks of Taluk Offices

(c) Establishment paid for by more than one Municipality

(d) Establishment paid for from General Revenues and Local Funds in certain proportions

For instance --i. Sanitary Inspectors of Frontier Taluks (Paid from Plague and other funds)

ii. Clerical and Menial Establishment of Local Fund Dispensaries (paid from general revenues and recovered as contribution from District and Municipal Funds)

iii Midwives attached to Local Fund Dispensaries

3 In regard to (a) necessary contribution on account of pension is being recovered every year, both from District Funds and Municipal Funds in accordance with th e Government Order on the subject

4 But in respect of the other Local Fund Employees mentioned in (b) to (d) para 2 (2) no contribution is being recovered on account of pensionary charges

Work Inspectors are now being replaced by duly qualified Sanitary Inspectors in Municipal towns and taluks Where the Sanitary Inspector's pay is solely charged to Municipal Funds of one Municipality no question of contribution for pension arises But as the Sanitary Inspector's pay in some places is not from more than one fund, and as transfers of Sanitary Inspectors are frequently made, it seems necessary that to secure uniformity and avoid confusion the rule of proportions should not be applied but that the pension of all such officials should be borne from general revenues and contribution for

pension

should be recovered from the funds concerned.

Perhaps an exception may be made in the case of Sanitary Inspectors employed in the Municipalities of Bangalore and Mysore and the Kolar Gold Fields Sanitary Board by whom the pensionary charges of Sanitary and Assistant Sanitary Inspectors may be paid according to the rule of proportions while in other cases contribution of 1/9th of the sanctioned salaries payable from the funds may be recovered and credited to general revenues.

The recovery of contribution in respect of Taluk Local Fund Clerks is a simple matter and may be made in the same way as that of the employees of the Local Fund Branch of the Deputy Commissioner's Office if provision therefor is made in the District Fund and Municipal budgets.

5 Para 2 (2) (c) There are only two officials whose pay is met from more than one Municipal Fund i e , the Municipal Muteaddy and the Sanitary Inspector of Birur and Kadur. Under the rule contained in Appendix B to Mysore Service Regulations para 111, the contribution for pension should be recovered annually This is an omission. Necessary provision has to be made in future budgets of the 2 Municipalities by the President and the Government.

6 (d) (i) In regard to Sanitary Inspectors of Frontier Taluks, the arrangement suggested above of recovering a contribution of 1/9th of the sanctioned salaries chargeable to the Local funds may be adopted.

7. (ii) and (iii) The methods of accounting of the cost of Local Fund Dispensaries and of midwives is not systematic and may be improved upon. In all Local Fund Dispensaries the pay of Medical Officers in charge (Sub Assistant or Assistant Surgeons) and the cost of Europe Medicines are borne by general revenues but the charge allowance of the Medical Officer in

charge

charge and the cost of Hospital staff including Midwives and contingencies &c. from District or Municipal Funds according to certain fixed proportions. As an administrative arrangement the entire cost on account of Local Fund Dispensaries is met from general revenues, and contribution of the estimated amount likely to be spent during a year on account of establishment and diet charges, and of actual charges incurred in the case of contingent charges, is recovered from the funds concerned. But there are two Local Fund Dispensaries which are not thus dealt with viz., those at Ganigarpet and Chamrajpet.

Of the five Dispensaries at Bangalore viz., Chamrajpet, Arlepet, Balavanpudi and Halleswara Dispensaries, the cost of 1 and 2 (excluding of course the Medical Officers' pay and cost of Europe Medicines) is met directly from the City Municipal Funds and no question of contribution for pension in respect of their staff will arise. The one at Arlepet is treated as a Local Fund Dispensary and only 1/3rd of the cost of the establishment is borne by the Municipality. The Municipality has therefor to pay proportionate pensionary contribution. The other two Dispensaries are maintained from general revenues.

Then again the cost of Local Fund Dispensaries in places where the Municipality is too poor e.g., Hongadevanhalli, Sannur &c., or which are not Municipal Towns, Yelahanka, Whitefield &c. is entirely met from District Fund, but the cost is met from general revenues in the 1st instance as in other cases and recovered as contribution from District Funds. Considering the fact that the entire Hospital establishment is under the control of the Senior Surgeon and that therefore one of members of the hospital staff are frequently made it seems necessary that unless there are any administrative objections the establishment of the Ganigarpet and Chamrajpet Dispensaries also should be treated as Government establishment and contribution for pay and pension recovered from the funds of the

Bangalore

7

Bangalore City Municipality. This will remove the existing exception in the case of Local Fund Dispensaries and the confusion that has existed in regard to the debit of the charge allowance of the Medical Officer in charge of Chamarajpet Dispensary.

8. Similarly in the case of midwives in Bangalore and Mysore Cities and in some other Municipal towns where the full cost is borne by the Municipality no contribution for pension need of course be recovered.

But in respect of most of the midwives viz., 90 attached to Local Fund Dispensaries, the cost of which is met from general revenues in the first instance and is ultimately borne partly by District and partly by Municipal Funds, the necessary contribution for pension has to be recovered This is not done at present for want of necessary provision

There are only 14 Municipal midwives whose pay is met only from one source viz. the Municipal Funds, 6 in the Bangalore City, 4 in the Mysore City, 1 in each of the head-quarter Municipalities of Shimoga, Hassan and Chitaldrug, and one in Birur. The pay of the last 4 midwives is drawn from the Treasuries and the Presidents of the Municipalities have no direct information of these charges.

There is some disadvantage in treating all Municipal midwives who, for administrative purposes, are under the control of the Provincial Officer, the Senior Surgeon, like those attached to Mofussil Local Fund Dispensaries Their pay and allowances may be met from the general revenues in the first instance and the necessary contribution on account of pay &c. and pension may be recovered in the same way as the pay and allowance of midwives attached to Local Fund Dispensaries are recovered at present

9. If the

9. If the above views are accepted, the following proposals may be submitted to Government for orders -

These rules, if approved, may be incorporated in the Mysore Service Regulations in place of Appendix B

The rules contained in Appendix B Mysore Service Regulations apply only to Municipal Funds and are not quite full Necessary contribution will be recovered from the current year, recovery of arrear contributions being waived by Government

Rules. (1) All employees on the permanent establishment of Municipalities or District Funds (including Kolar Gold Fields Sanitary Board Fund) in the Mysore State, except the following are eligible for pensions (and gratuities).

Shanbogues with hereditary haks, totis, sweepers, watchmen, coolies, khalihuts, cooks, watermen, dhobies, gardeners and pound-keepers paid by commission, medical pupils and pupil teachers

Such pensions (and gratuities) shall be paid by the respective Boards and charged to their funds.

[Vide Government Order No.8790-1/L F 17-99 dated 14th December 1899 and the late Chief Commissioner's Notification No. 194 dated 25th August 1876 and Appendix B Mysore Service Regulations, 4th Edition]

(2) Servants belonging to any department under Government but transferred to the service of any of the Municipalities in the State or District Boards (including the Kolar Gold Fields Sanitary Board) or vice versa shall be eligible for pensions (and gratuities) payable from the general revenues and the funds of the Municipalities or District Boards concerned according to the Rule of Proportions Vide article 263 M S R This rule of proportion will also apply in the case of employees transferred from service under one local Fund to service under another. ~~or from service under one Municipality to service~~

9

~~under another Municipality~~ and transfers of servants contemplated above shall be subject to the sanction of Government

(3) Rules (1) and (2) apply to cases in which the whole pay of the officer at any time is charged to a single fund. The pensionary charges of officials whose pay is met in shares from more than one source viz., District Funds, Municipal Funds or General Revenues or by more than one Municipality in shares shall, in respect of such period of service be borne entirely by General Revenues. A contribution of 1/9th of so much of the salaries of such officials as is paid by the District or Municipal Funds should be recovered and credited annually to Government during that period.

(4) As an exception to rules (1) and (2) the pension of Sanitary Inspectors employed by local bodies other than Bangalore and Mysore City Municipal Boards and the Kolar Gold Fields Sanitary Board, and of the pensionable staff of the Hospitals including midwives, the full cost of which is met by only one Fund (Municipal or District Fund) will also be paid from general revenues to which a contribution of 1/9th of the sanctioned salaries levied from the funds concerned shall be credited annually

(5) No deduction shall be made from the pay of ~~the~~ any employee subject to these rules, on account of pension or gratuity

(6) All claims to pensions and gratuities and all other matters connected therewith, shall be determined according to the provisions contained in the Mysore Service Regulations

Sir,

With reference to your letter No. 2873-83 / m1137-12-2 dated 5th October 1912 calling for my opinion on the draft rules proposed by the Comptroller as regards the grant of Pensions and gratuities to Municipal and District Fund establishments, I have the honor to state that I find that while the rules in Appendix B of the Mysore Service Regulations provide for the case of Municipalities the rules now proposed by the Assistant Comptroller refer to District Funds also. This modification is necessary and may be adopted. Further it is suggested that a provision similar to Article 802 of the Civil Service Regulations may, with advantage, be embodied in the Mysore Service Regulations and that then there will be no necessity for Rules 1 and 2 of Appendix B. of the Mysore S.

Mysore Service Regulations or for rules 1,2 and 4, now proposed by the Assistant Comptroller I am of opinion that such a provision may be introduced It would probably be covenient if the contribution under this should also be made recoverable once at the close of each official year and not every month

the revision of rules regulating the grant of

pensions and gratuities to Municipal and District Fund Establishments, I have the honor to state that the Comptroller's proposal to introduce a rule similar to Article 802, Civil Service Regulations, commends itself to me as being at once simple and convenient for adoption in all cases I would only add that the benefit of the rule be, for the present, confined to such class of servants, as may be decided by Government, on the establishment of the District Fund and of such of the Municipalities as have been brought under the new Regulation. In this case, the transfer of officials from one Municipality to another will be confined only to those regulated Municipalities Article II of appendix B of the Mysore Service Regulations should also be retained

Sir,

I have the honour to refer to your letter No 2873-83 Mul 187-12-2 dated 5th October 1912 on the subject of revised rules for the grant of pensions and gratuities to employes of Local Funds and to state in reply that I am in favour of the simple alternative proposed by the Comptroller, viz. to add a rule similar to Article 802 of the British Indian Civil Service Regulations in preference to having a set of

separate rules for the pensions and gratuities of these Officials. Whereas one effect of adopting the Comptroller's suggestion will be that Local and Official can be transferred to and from service paid from General Revenues without the need for obtaining the sanction of Government in each case. Such a liberty would be very desirable as under present conditions great inconvenience is felt in making arrangements during acting vacancies and a considerable amount of Local correspondence would be rendered unnecessary.

If this suggestion is not found acceptable and the present arrangements are to stand, there is no objection to the detailed rules framed by Mr. Sivaramaiyar, Assistant Comptroller.

Sir,

With reference to your letter No 2873-83/M.A 137-12-2 dated the 5th October 1912 calling for remarks on the proposed draft re the grant of pensions and gratuities to Municipal and District Fund servants, as also on the alternative and simpler arrangement of introducing into the Mysore Service Regulations a rule similar to Art 802 of the Civil Service Regulations, I have the honor to state that the proposed draft rules appear to be suitable, except in regard to one point, explained below, and may be adopted and substituted for the present Appendix B of the Mysore Service Regulations

2 The Rule contained in Article 802 of the British Civil Service Regulations, the adoption of which is recommended by the Comptroller, has indeed the advantage of extreme simplicity, but as far as the Kolar Gold Fields Sanitary Board, is concerned, I am of opinion that it would be to the advantage of the Board to pay the pensions charges when they arise, instead of to pay contribution every month The reason is that a large number of employees of the Sanitary Board, coming as they do

de from the floating population of the Kolar Gold Field, take up service under the Board without any intention of serving the Board permanently, and they often leave the Field and the service of the Sanitary Board after some years Many of these employees will therefore never earn any pension, and payment of contribution on behalf of them involves a needless expenditure to the Board It is no doubt true that the rate of contribution, viz 1/9th of the salary, has been fixed as an average, and that cases in which no pension will be earned have also been taken into consideration in fixing this average but a rule that applies to the ordinary class of public servants taken from a permanent population does not apply to many of the employees of the Sanitary Board

3 In one point in which I consider that a modification of the proposed draft rules is advisable is in connection with the last sentence of Rule (2) which requires that all transfers between Municipal, District Fund, and Sanitary Board Service and Government Service shall be subject to the sanction of Government This is in accordance with para 2 of Government Proceedings No 6275-315/L B 47-11-15 dated the 7th March 1912 But I submit that such a rule would be highly inconvenient It is often necessary in the interests of the public service, to transfer an Official permanently or temporarily from Municipal or District Board Service to Government Service and vice versa, and the existance of a rule like the one under advertance will often unduly hamper the selection of the best man for a vacant appointment It is not quite clear what purpose will be served by requiring that such transfers shall be subject to the sanction of Government If necessary for the purpose of audit, a quarterly statement of such transfers could be sent to the Comptroller or to Government I am therefore of opinion that this rule should be deleted from para 2 of the proposed draft rules

Sir,

Adverting to your letter No 2873-83/H.L 37-12-2 dated 5th October 1912, calling for my opinion regarding the proposed revision of rules regulating the grant of pensions and gratuities to Municipal and District Fund Establishments. I have the honor to state that two alternative proposals are made for the revision of the existing rules. But the said rules are nowhere given in detail in the file of correspondence

correspondence, and are only to be implied from the Comptroller's letter

In a technical matter of this kind, it is with some diffidence that I give my views.

Of the two alternative proposals, the latter, namely the introduction into the Allpore Service Regulations of a rule similar to Article 802 of the Civil Service Regulations, has the merit of simplicity, and would so far seem entitled to preference.

It appears to me but fair, however, that the Administrators of the several Local Funds should be given an opportunity to satisfy themselves that they are not purchasing simplicity of procedure at too high a price. I would therefore suggest that the Comptroller should be

be asked to furnish a comparative statement, showing

(1) the amounts actually paid by way of pensions and gratuities by the several Local Bodies during each year of the decade 1900-1910,

(2) the amounts that would have been payable according the draft rules in para 9 of Mr. B. Srinivasa Iyengar's note, and

(3) the amounts similarly payable by the adoption of Article 802 of the Civil Service Regulations

On the receipt of these information, the several Local Bodies would be fairly in a position to form an intelligent opinion as to the relative merits of the alternative proposals and to elect between them.

The adoption of the Civil

Service Regulation article would seem to possess the further advantage of making away with the necessity for sanction by Government of every petty transfer from service paid from General Revenues to that paid out of Local Funds and Vice Versa. (Vide Rule 2 para 9 of Mr B Srinivasa Iyengar's note, and Government Order No 6275-315 / LB 47-11-5 dated 7th March 1912 ~~(illegible)~~), for, according to that article, the sanctioned scale of appointments in any given local body, and hence, the amount of pensionary contribution payable by that body, would be left unaffected by any such transfers. The question of the adjustment of the pension charges, and the complications that would arise by frequent transfers, have led, I believe, to the passing of

of the Government Order alluded to above.

I need not add that the exigencies of service very often necessitate such transfers and the adoption of any scheme that leads to the avoidance of much of the wearisome and frustrated correspondence that is being entailed by having to seek for the sanction of Government to such matters, is a highly desirable end.

(1) Para 4 of Government order No 8514-22/Mi.271-11-3 dated 13th May 1913 requesting the Comptroller to submit a definite system of procedure for adoption in regard to the adjustment of the pensionary charges of Local Fund employees.

(2) Letter No 1390/L.A.D.166 dated the 15th August 1913, from the Comptroller submitting revised rules to be substituted for those in appendix B of the Mysore Service Regulations and suggesting as an alternative and simpler arrangement the introduction into the Mysore Service Regulations of a rule similar to article 802 of the Civil Service Regulations.

(3) Opinions of the Deputy Commissioners and the Presidents of the Municipal & District Boards and the Kolar Gold Fields Sanitary Board on the proposals of the Comptroller.

Order thereon No. 4845-64 mul 137-12-14

Dated Bangalore ~~August~~ 1913. 21-12-1914

On a careful consideration of the subject, Government are pleased to direct as follows:-

I. The revised rules (hereto appended) be substituted for those in appendix B of the Mysore Service Regulations.

II. A rule similar to article 802 of the Civil Service Regulations be introduced into the Mysore Service Regulations for adoption by Local Fund or Municipal authorities at their option.

III. If an officer whose service is reckoned as pensionable under the rule contained in Clause II is transferred to the similarly pensionable establishment of another Local Fund or to qualifying service under General Revenues or vice versa, the transfer will not interrupt the continuity of service for pension. In the case of such transfers the sanction of Government required under Govt Orders No.6275-315/ L.B.47-11-5 dated 7th March 1912 and No.12264-314/L.B.11-13-80 dated 8th June 1914 and rule 2 of Appendix B, Mysore Service Regulations, will be dispensed with.

2. The necessary alterations and additions will be made in the Mysore Service Regulations.
